It's a beautiful world we live in.
Nature has given us precious gifts.

Fire, Earth, Wind, Water;
with distinct characteristics,
each enriched with emotion.

Embracing the elements nature
has to offer, nature's beauty is
reflected through Quadra.

Introducing Quadra X-Elements
**Inspired by nature,
redefined by humans.**

SINTERED STONE SLAB

A Slab with stone-like physical / mechanical properties produced by the process so called sinterization (man-made stone).

SINTER

To make (a powdered material) coalesce into a solid or porous mass by heating it (and usually also compressing it) without liquefaction.

The logo consists of a stylized 'X' shape formed by two interlocking arrows, one red and one black, pointing in opposite directions.

LOOP³⁶⁰

Go beyond what nature can offer. XLoop360 enables you to create an endless look. Unlock new abstract possibilities by designing both horizontal and vertical patterns to achieve a seamless design/vein all around.

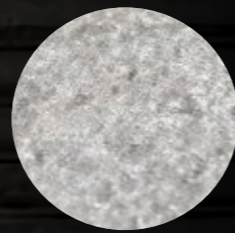

XGRIP⁺

Bring confidence in any step, any time, anywhere.

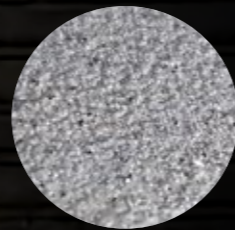

XGrip is designed with a structured surface to minimize slip-prone. XGrip comes with higher resistance and durability for high traffic areas. **Categorized as class P3 which is equalled to R11 (unit in ramp test method).**

XGrip+ provides a perfect grip that is suitable for any extreme situation, whether in public settings, outdoors or any space needed for a sloped surface even wet area. Quadra's new surface has been tested with the pendulum wet test; **and categorized as class P4 which is equalled to R12 (unit in ramp test method).**
